Lane 2 · Marketing · 30-Day Calendar

Goal: Build the audience that compounds for the next 12 months. Lane 2 doesn't optimize for next-week consults; it builds the inventory of warm prospects Lane 1 can later retarget.

Targets: - IG followers +25-40% (~40-65 new followers on a 159-follower base — actual realtor handle once restored) - Newsletter subscribers +100 - 3+ blog posts published, 1-2 ranking by day 90 - YouTube subs +50-150 - 1 Reel hits 10k+ reach

Owners: Nikki briefs / approves; Muhammed builds + schedules.

Pre-flight blocker

⚠️ **Instagram handle must be restored before Week 1 of Lane 2.** Without IG, this lane runs at 60% capacity (FB + YouTube + blog only).

Weekly cadence (template — repeats Weeks 1-4)

DAY	WHAT SHIPS	CHANNEL
Mon	Monday Brief from `gergacs-metrics-reviewer`	Internal
Mon-Tue	Brief next week's content in Notion Lighthouse · 5-7 pieces	Notion
Tue	Hero asset shoot / record (1 YT long-form + 3-5 source clips for Reels)	YouTube
Wed	Edit hero asset · pull Reel clips · build carousel via Coffee & Contracts	Canva + C&C
Thu	Schedule the week's posts in Metricool	Metricool
Fri	YouTube long-form drops 6 AM ET · IG Reel #1 (Tue 11a–1p planned) · FB native upload Friday 4p	YT, IG, FB
Sat	IG Story summary of the week's hero · TikTok cross-post via Repurpose.io	IG, TikTok
Sun	Long-form blog post publishes from the week's hero asset	WordPress

Week 1 — Hero topic: "What an appraiser sees that an agent misses"

Why this hero: Highest-leverage credential play. Differentiator-led. Sets the tone for the campaign.

YouTube long-form (Thursday drop)

Title: "What I See in 60 Seconds Walking a Savannah Home — From a Realtor + Appraiser" **Length:** 8-10 min **Outline:** 1. Quick intro — Nikki, dual credential 2. Walkthrough of one Savannah listing (recent, with permission), narrating in real-time 3. Three things she'd flag for a buyer (foundation, water, finish quality) 4. Three things she'd flag for a seller (condition vs price) 5. Why this matters in Savannah specifically — historic, coastal, weather considerations 6. CTA: book a Pre-List Valuation OR Buyer Discovery on Microsoft Bookings

Reel clips from the long-form (3 Reels)

1. “POV: I’m an appraiser walking the home you’re about to bid on”
2. “The 3 things sellers swear add value that I, as an appraiser, will not give you a dime for”
3. “What 21 years of appraising taught me about Savannah waterfront pricing”

Carousel (IG + FB)

“Five questions every Savannah seller asks me — answered” — 7 slides, lead-magnet PDF link in bio

Blog post (Sunday publish)

Title: “Pre-Listing Appraisal in Savannah: Why I Recommend One Before You Price” **Target:** Carolyn persona. SEO target: “pre-listing appraisal Savannah” **Length:** 800-1100 words **Outline:** (per `gergacs-seo-briefer` brief) - What is a pre-listing appraisal - Why it’s different from a CMA - The four scenarios where it matters most (estate, divorce, downsizing, luxury) - One real Savannah case study (anonymized) - What an appraisal looks like, step by step - Booking CTA

TikTok (3 posts via Repurpose.io)

- Cross-posts of Reels 1, 2, 3 (with platform-native edit pass)

LinkedIn (2 posts)

1. Long-form: “21 years appraising the Lowcountry — what every relocation HR manager should ask before placing an exec in Savannah”
2. Carousel PDF: “The estate-and-divorce appraisal checklist most Georgia attorneys don’t request”

Week 2 — Hero topic: “Neighborhood honesty”

Why this hero: Place-based identity is unclaimed by competitors. Pure greenfield.

YouTube long-form

Title: “Ardsley Park vs Habersham vs Skidaway: An Honest Walkthrough” **Length:** 10-12 min · drone + walking + neighborhood interview

Reel clips (3 Reels)

1. “Three Ardsley Park porches I’d buy just for the morning light”
2. “Why I tell relocators to spend a weekend in [neighborhood] before they buy there”
3. Skidaway-specific: “What it’s actually like to live behind the gate”

Carousel

“How to choose a Savannah neighborhood without seeing them all yourself” — 8 slides covering 4 trade-offs

Blog post

Title: “Ardsley Park Historic Homes: What Buyers Should Know About Valuation” **Target:** Marcus persona · SEO target: “Ardsley Park homes for sale + valuation”

TikTok

- 3 cross-posts via Repurpose.io
- 1 native-recorded “Tell me you’re moving to Savannah without telling me” trend post

Facebook

- 3 native posts (1 Reel native upload, 1 community-warm photo post, 1 market-update bullet)
- Activate “What I’m seeing this week” Tuesday market series

Week 3 — Hero topic: “Relocator’s truth”

Why this hero: Relocator persona (Eleanor) is the highest-LTV target. Lane 2 builds the audience Lane 1 retargets.

YouTube long-form

Title: “Hurricane, Flood, Insurance: The Relocation Truth Talk Zillow Won’t Show You” **Length:** 12-15 min · sit-down with a local Savannah insurance broker

Reel clips (3)

1. “Three things California buyers mis-budget the first 90 days in Savannah”

2. “From Brooklyn to Pooler — what surprised her most after the move” (client interview clip if available)
3. “The four costs no one warns you about when moving south”

Carousel

“Relocator’s checklist: 12 things to verify before you sign anything in Savannah”

Blog post

Title: “Hunter Army Airfield PCS Guide: Best Neighborhoods for Military Families” **Target:** Eleanor (military subset) · SEO target: “Hunter AAF housing relocation”

Facebook + LinkedIn

- LinkedIn long-form: “After 21 years appraising the Lowcountry, here’s what I tell every relocation HR contact”
- FB Live (15 min): “Ask a Savannah Appraiser” Tuesday lunchtime — Q&A from comments + DMs

---

Week 4 — Hero topic: “Pearl found” (listing-led)

Why this hero: Listings are the most direct revenue. By Week 4, the lane has built enough audience to justify weight here.

YouTube long-form

Title: “Pearl Found: Inside [neighborhood] [listing address]” — full home tour with appraiser commentary **Length:** 6-8 min · driven by the listing’s actual photo shoot

Reel clips

- Listing walkthrough Reel (3 clips, week-long campaign)
- 1 “what an appraiser values about this home” Reel

Carousel + FB

- Standard listing distribution package (per `gergacs-listing-describer`)

Blog post

Title: “Tybee Island Beachfront: Flood Zones, Insurance, and What Affects Resale” **Target:** Eleanor / Marcus · SEO target: “Tybee Island beachfront homes”

Lane 2 content production budget

Time per week (consistent across 4 weeks): - Nikki: 2 hours (Tue shoot/record + Mon brief approval + occasional voiceover) - Muhammed: 8-10 hours (build, schedule, monitor, repurpose) - Total: ~12 hours/week of human time

Outputs per week: - 1 YouTube long-form (8-15 min) - 3-4 Instagram Reels (45-60s) - 1 Instagram carousel - 5+ Instagram Stories - 3 Facebook posts - 3-5 TikTok posts (mostly via Repurpose.io) - 2 LinkedIn posts - 1 blog post (Sunday publish) - 1 newsletter sub-piece (BoldTrail)

Lane 2 KPIs (track weekly)

METRIC	WEEK 1 TARGET	WEEK 4 TARGET	SOURCE
YouTube subs	+5-15	+50-150 cumulative	YT Studio
YT watch hours	+5-15	+30-60 cumulative	YT Studio
IG followers	+5-15	+40-65 cumulative	Metricool
Top Reel reach	2-5k	At least 1 ≥ 10k	Metricool
Newsletter subs	+10-30	+100 cumulative	BoldTrail
Blog sessions	(no data yet)	up vs prior 30 days	GA
TikTok views	track	track	Native
LinkedIn impressions	500-1500	4-6k cumulative	Native

Anti-pattern flags for Lane 2

- ❌ Posting just to post (no clear persona, hook, or CTA stage)

- ❌ Re-using competitor imagery or generic stock real-estate photography (use `01_strategy/savannah_image_library.md`)
- ❌ Letting blog posts go up untagged for taxonomy and meta description
- ❌ Pearl metaphor in 80%+ of content — saturation kills the metaphor
- ❌ Multi-CTA confusion ("buy or sell or get an appraisal!")

Lane 2 → Lane 1 handoff

Every Lane 2 piece that performs above 2x average reach gets: 1. A retargeting audience created (people who engaged) → fed into Lane 1 ad sets 2. A "second wind" promotion — boost spend $50-100 on the post itself 3. Surfaced in next week's Monday Brief as "do more of this"

The interlock is what makes the system compound.
