📋 USAGE NOTES FOR YOUR FRIEND

Best posting cadence: 3 posts/week, mix angles (1 pain, 1 curiosity, 1 social proof).

Hashtag strategy: rotate 5–8 hashtags per post — never all 30 at once. Mix #high-volume (#Productivity 50M+ posts) with #niche (#FractionalCFO 200k posts).

Reel hooks to record: 7, 16, 19, 30 (these are the strongest visual moments).

Carousel slides: 1, 6, 16, 26, 30 work as 5-slide carousels — split the body across slides 2-4, CTA on slide 5.

Best CTA placement: end of caption + first comment + bio link (always link to /professionals).

Tracking: add `?utm_source=ig&utm_campaign=skillpack` to the link if your friend wants performance data.
